CAREER OBJECTIVE

Computer Science undergraduate with a solid foundation in C, C++ and Data Structures. Skilled in front-end development and currently expanding expertise in Machine Learning. Seeking to apply my technical knowledge and problem-solving abilities to real-world projects while contributing to innovative software solutions.

EDUCATION

COER University	Aug 2023 – Present
• B.Tech in Computer Science and Engineering	
Doon Public School	2021
• Class XII	
Roorkee Public School	2019
• Class X	

SKILLS

Programming Languages - C, C++, Python, JavaScript

Data Structures and Algorithms in C++

Tools/Platforms: Git, GitHub, VS Code, MS Office, Render, Vercel, Jupyter, Google Colab,

Technologies: HTML, CSS, JavaScript, React.js, Node.js, Tailwind CSS, MySQL, Machine Learning,

Coursework: DBMS, Operating System, Computer Organization, Compiler Design, Digital Electronics etc.

PROJECTS

Student Performance Analysis & Prediction System GitHub

- Currently developing a Python ML system to predict "at-risk" students using Random Forest, SVM, and Logistic Regression, with EDA via pandas, Matplotlib and Seaborn.
- **Tools:** Python, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn

StudyVault — Academic Resource Sharing Platform GitHub

- Built a full-stack platform for students to share question papers, notes, and study material, featuring smart search, drag-and-drop uploads, and community reviews — powered by Node.js, Firebase Firestore, and Cloudinary.
- **Tools:** HTML, CSS, JavaScript, Node.js, Firebase, Cloudinary, Vercel, Render

INTERNSHIP EXPERIENCE

Frontend Developer Intern | Nova Nectar Services Pvt. Ltd. | Onsite 18 June 2025 – 18 Sep 2025

- Built and deployed responsive web interfaces progressing from static HTML/CSS pages to dynamic JavaScript applications and component-based React UIs with Tailwind CSS.
- Developed reusable React components, improving UI consistency and reducing redundant code across multiple live projects.
- Enhanced cross-device compatibility through responsive design techniques, ensuring seamless experiences across mobile, tablet, and desktop viewports.
